Basic Course:
An Attendee receives an email from a trip coordinator "confirm attendance" button. The Attendee clicks the button, bringing them to an "Attendance" page. The Attendee then clicks the "confirm" button. The System marks the Attendee as "Attending" in the Attendee List for the event.

Alternate Course:
- On the "Attendance" page, the Attendee clicks the "cancel" button. The System marks the Attendee as "Not Attending" in the Attendee List for the event.
- The Attendee has been removed from the event list before they try to confirm. The confirm page then displays that they have been removed from the list.

Attendee

Confirmation email

Click "Confirm Attendance"

Display Attendance Page

Attendee is in the Event list

Attendance Page

Attendee is no longer in the Event list

Display that the Attendee has been removed

Click "Confirm"

Mark Attendee as "Attending"

Click "Cancel"

Mark Attendee as "Not Attending"
